—Washoe county got in some very fine work in the Senate yesterday and secured an appropriation of about \$50,000 for the University. It don't look that way however until you read the bill over seven or eight times. It is to be hoped that the House will drop on the presence of the colored gentlemen on the fence.

—The following is from the pen of Mr. L. P. Bardwell, editor of the THE MARION (Iowa) PILOT, will, we believe be of interest to many of our readers. He says: "It is with pleasure that I certify to the real merits of Chamberlain's Cough Remedy. I have used it in my family for years and have always found it most excellent, and especially for colds, croup and sore throat. It is safe and effective." For sale by G. C. Thaxter.

Nevada Winter Weather.

In Nevada we are having what may be called Summer in Winter. This climatic phenomenon has now become chronic. The atmosphere, earth and heavens have accepted the situation. The sky is wearing its summer hue. In the east each evening is seen at sunset the blue, purple, orange and vermilion belt characteristic of June, July and August. All these tints are as distinct as in Summer, and the heavens are as cloudless. Of nights the celestial dome is a blue of a hue so deep as to appear almost black. Upon this back ground the swinging planets look like moons and the stars blaze with a light as fierce as that of an arc lamp. Of evenings the sight is grand beyond description toward the west above our inclosing range of mountains. In that quarter are at present several planets and great stars. In descending the western sky these are so arranged about the black bulk of Mount Davidson's peak and slopes as to resemble Indian signal fires. Hundreds nightly admire this grand display. No man is so stolid as not to halt again and again in his walk through this town and gaze in admiration. The lone watchmen at the outlying mining works, have all become amateur astronomers and as each turn in their rounds is made they pause for a time to gaze up into the blazing dome of the heavens. The day is not distant when all the astronomical observatories of the country will be perched on the tall peaks that rise like pyramids in a thousand places in the middle region of the continent known as the arid zone. It is not only a region of almost perpetual sunshine, but also of an atmosphere that is free from vapor.

DAN DE QUILLE.

The Cabinet Completed.

CHICAGO, Feb. 18.—An Indianapolis dispatch has been received here purporting to give a complete list of the members of the Cabinet. There does not seem to be authority for the dispatch, and is given for what it is worth. It is as follows: It is now stated that General Harrison will not announce his Cabinet until the day of inauguration. There is no doubt that all the positions have been decided upon. The Cabinet now stands as follows: State, Blaine; Treasury, Windom; War, Rusk; Postmaster-General, Wamamaker; Navy, Thomas of Illinois; Interior, J. W. Noble of Missouri; Agriculture, Warner Miller; Attorney-General, W. H. H. Miller of Indiana, Harrison's law partner.

The Funeral of Pete Musgrove.

The funeral of W. R. Musgrove yesterday was largely attended by a host of friends and acquaintances. The coffin was lavishly covered with floral tributes, and the choir composed of Mrs. Chrisler, Mrs. Cagwin, Mrs. Wall, Nat Dow and Jas. Torreyson, sang the funeral anthem and appropriate hymns. A long procession followed the remains to the grave, where the interment was under the auspices of the A. O. U. W. The following were the pall bearers: Andy Pine, Jack McBrearty, James Savage, Paul Thompson, Charley Kelly, Charley Pahl, Sam Martin and Charley Cavanaugh.

A Pleasant Resort.

Members and Attaches of the Legislature and the other Winter sojourners at the Capital, can find no pleasanter place of resort for reading the latest papers and magazines and selecting popular books than at Cagwin and Noteware's corner store—diagonally opposite the B. & E. Bank on Carson street. Here can always be found all sorts of plain and fancy stationery and general office supplies; besides an endless variety of novelties.

—There is some opposition in the House to the Bill authorizing a Miner's Home. The bill should become a law, and the men who have laid the very foundations of this State should have at least this meagre recognition of their great services. Such a bill ought not to have an opposing vote.

NOTICE.

I desire to sell my home in Carson during the next thirty days. O. R. Leonard.
